

# WORKING WITH YOUR WORKFLOW

e-signature for business

The legalesign e-signature platform can accommodate signing processes that range from simple document signing to complex transactions. Here are some of the more common workflows the system supports on a daily basis:-

sequential signing

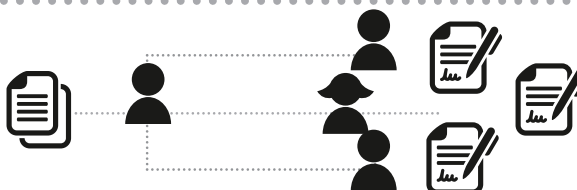

simultaneous signing

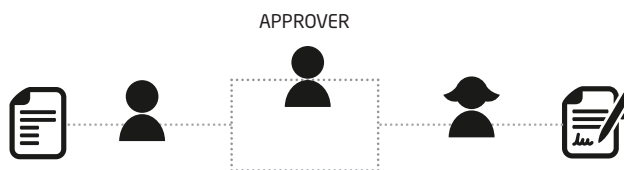

multi-document signing

bulk-send

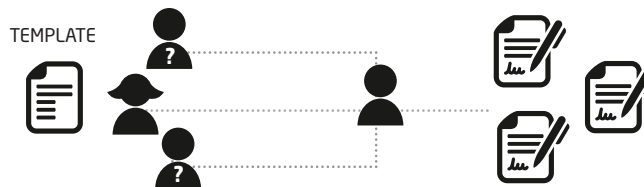

pre-approvals  
eg internal sign-offs

later signers unknown  
eg departmental internal

all signers unknown  
eg event registration

unknown first signer,  
sends to unknown  
second signer  
eg timesheet

Group and team functionality, user view and admin permission settings, can be calibrated to reflect internal systems, departments, offices and individual roles. For further information or to discuss how the system can accommodate your requirements call +44 (0) 131 463 9099
